Hot CAKES

Business After Hours & Nonprofit Showcase

Again this year, the Chamber's Business-After-Hours for the month of April will be hosted by the Nonprofit/Business Council. Please participate in this opportunity to inform Chamber members about the valuable contributions nonprofits make to our community. This year the Celebration of Community will be the kick-off for the Dogwood Festival's series of events. The Pavilion has generously agreed to donate the use of the venue.

Celebration of Community is an excellent opportunity to get better acquainted with business leaders in our community and to help them find organizations with which they would like to partner or volunteer. **We request, however, that you do not solicit on site.**

Network & Learn: The Celebration "Quiz"

The plans for this year's Celebration of Community will help you to draw visitors to your display and to really talk with them about your work. We intend to make sure that each member of the for-profit sector who attends leaves this event knowing a few things that he or she did not know beforehand about our vibrant nonprofit sector. We need your help to do this.

In previous years, door prizes have been part of the fun at the Celebration of Community. This year each Chamber member who attends the Celebration will receive a sheet that they can fill in with facts about local nonprofits in order to be eligible for the prizes. The questions on this "quiz" (and the answers to them) will come from you and the other nonprofits displaying at the Celebration. You will need to register on time to ensure that your organization is part of the quiz.

This new quiz format promises to be fun and informative for all. Think about the value that your organization brings to the community. You provide services and you also employ people and engage in economic activity just like all of the other businesses in town. When you register for a table to display at the Celebration, please submit a quiz question about your organization that reminds the Chamber members who visit your booth that nonprofits profit *everyone!*

SPACE IS LIMITED. (and available to nonprofit organizations that are Chamber members)

Please complete the attached form and fax it to (434) 295-3144 by **April 1, 2010 to receive the discount.**

You will receive confirmation to display. Questions? Call Jann Ross at (434) 295-3141.
